RE: Release of Annual Listing of Federally Obligated Projects for Federal Fiscal Year 2011-12

Federal law, under the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA), requires the Metropolitan Transportation Commission to publish a listing of projects using federal funds obligated in the previous federal fiscal year. The annual report provides a record of project delivery and promotes awareness of government spending on transportation projects.

MTC developed the Annual Listing of Federally Obligated Projects (Annual Listing) to make the annual obligations listing easier to understand for the general public. The Annual Listing includes text explaining the different obligation groups, as well as summary listings by categories such as mode, fund source, and Transportation 2035 (MTC's Regional Transportation Plan) investment category. Additionally, the Annual Listing includes commonly used abbreviations and acronyms to help the public better understand the federal obligation process.

SAFETEA also encourages cooperation among the state transportation agency (Caltrans), public transit operators, and MTC to develop this Annual Listing. As a part of our development process, MTC distributed a working draft to the Bay Area Partnership Technical Advisory Committee and its stakeholders. The information comes from data compiled by Caltrans and MTC. For the last federal fiscal year (2011-2012), the region obligated approximately \$1.4 billion in federal surface transportation funds.

The Annual Listing has two sublistings: road and highway projects and transit projects. Information for the road and highway project listing includes obligation of fund sources such as Surface Transportation Program (STP), Congestion Mitigation and Air Quality Improvement (CMAQ), Transportation Enhancement (TE), and Interstate Maintenance (IM). The source of this information is Caltrans and MTC. The second table for transit includes obligation of fund sources such as Federal Transit Administration Sections 5307 and 5309, and the source is MTC.

The enclosed document is available through the Internet at the MTC home page:

<http://www.mtc.ca.gov/funding/delivery/>

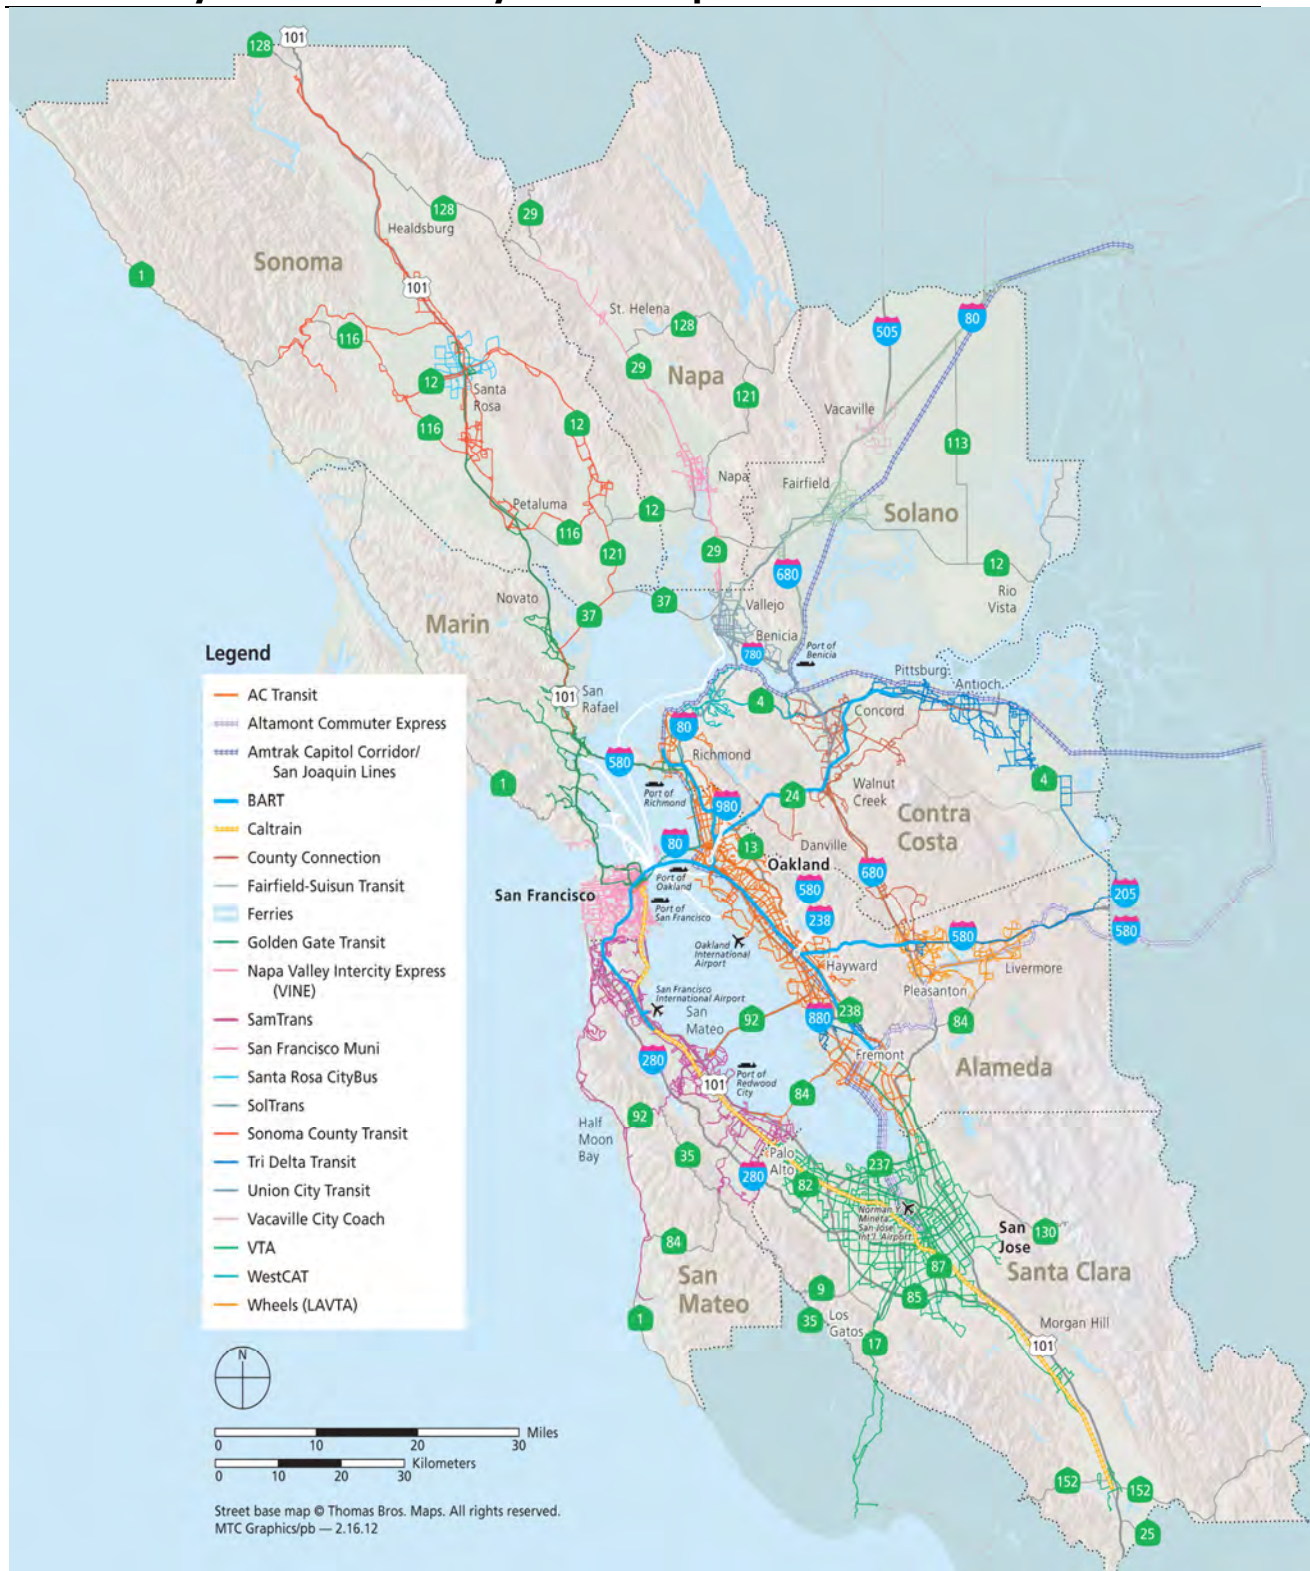

If you have any questions regarding the Annual Listing, please contact Kenneth Kao of MTC's Programming and Allocations Section by phone at (510) 817-5768 or by e-mail at: kkao@mtc.ca.gov.

Thank you for your interest in the Annual Listing of Federally Obligated Projects.

Sincerely,

Alix A. Bockelman
Director, Programming and Allocations

Nine-County San Francisco Bay Area Transportation Network

About this Document

Federal Law, under the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA), requires the Metropolitan Transportation Commission to publish a listing of projects using federal funds obligated in the previous federal fiscal year (FFY). The annual listing provides a record of project delivery for the previous year. The listing is also intended to increase the awareness of government spending on transportation projects to the public. Obligation of federal funds means that a project has received federal commitment for reimbursement, and does not necessarily mean that the project was initiated or completed in that year or indicate the total cost of that project.

This document is available for download on the MTC website at <http://www.mtc.ca.gov>, under the “Funding” tab and “Project Delivery” sub-bullet.

About the Metropolitan Transportation Commission

Created by the state Legislature in 1970 (California Government Code § 66500 *et seq.*), the Metropolitan Transportation Commission (MTC) is the transportation planning, coordinating and financing agency for the nine-county San Francisco Bay Area. The Commission’s work is guided by a 19-member policy board.

Over the years, state and federal laws have given MTC an increasingly important role in financing Bay Area transportation improvements. At the federal level, the 1991 Intermodal Surface Transportation Efficiency Act (ISTEA) and its successor, the Transportation Equity Act for the 21st Century, empowered Metropolitan Planning Organizations (MPOs) like MTC to determine the mix of transportation projects best suited to meet their region's needs. Congress reaffirmed MPOs’ role in transportation financing in 2005 with the passage of the SAFETEA.

Regional Transportation Plan: Mobility for the Next Generation

As the agency responsible for transportation planning in the nine-county San Francisco Bay Area, MTC is responsible for adopting the Bay Area’s regional transportation plan. The current plan, known as Transportation 2035, was adopted by the Commission on April 22, 2009. The plan was developed after a three-phase planning process over some 20 months with extensive public involvement.

The plan specifies a detailed set of investments and strategies throughout the region from 2010 through 2035 to maintain, manage and improve the surface transportation network. Updated every four years to reflect new planning priorities and changing projections of growth and travel demand, the long-range plan must be based on a realistic forecast of future revenues. Taken as a whole, the projects included must help improve regional air quality.

For context, the region relies on various fund sources – among them federal funds – to achieve the set of investments in the plan. Over the 25-year period of the plan, federal funds represent approximately 13% of the revenues for Bay Area surface transportation investments. As a reminder, this obligation report is limited to federal funds and does not include all revenues expended on transportation in a given year.

Only projects consistent with the Regional Transportation Plan's financially-constrained list may be placed in the Transportation Improvement Program (TIP) for federal funding.

Transportation Improvement Program

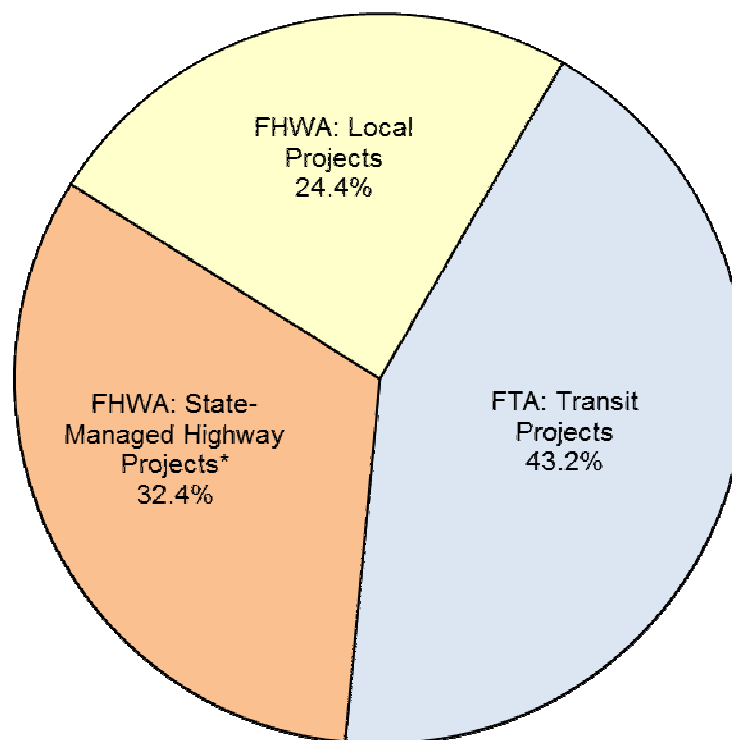

The federally required Transportation Improvement Program, or TIP, is a comprehensive listing of all Bay Area transportation projects that receive federal funds, are regionally significant, or are subject to a federally required action such as a review for impacts on air quality. The TIP sets forth the Metropolitan Transportation Commission's investment priorities for transit and transit-related improvements, highways and roadways, bicycle and pedestrian, and other surface transportation improvements in the nine-county San Francisco Bay Area. By law, the TIP must be adopted at least once every four years and must cover at least a four period and contain a priority list of projects grouped by year. Further, the TIP must be financially constrained by year (meaning that the amount of dollars programmed must not exceed the amount of dollars estimated to be available). Federal regulations also require an opportunity for public comment prior to TIP approval. The 2011 TIP, which covered federal fiscal year 2011-12, was approved by the Federal Highway Administration on December 14, 2010.

In order for a project to receive a federal obligation, the project's funds must be included in the region's or the state's TIP. MTC's TIP for the San Francisco Bay Area can be found online at: <http://www.mtc.ca.gov/funding/tip/>.

Annual Obligated Project Listing Summary

This annual listing shows that approximately \$1.4 billion of federal funds were obligated in the MTC region. Of this amount, \$784.5 million was obligated by the Federal Highway Administration (FHWA) for highway, local road, bicycle and pedestrian facilities, transportation enhancement, and air quality projects. Of this \$784.5 million, the California State Department of Transportation (Caltrans) obligated \$447.9 million for state highway related projects. Local agencies obligated another \$336.6 million for local projects on and off the state highway system. Another \$596.1 million was obligated by the Federal Transit Administration (FTA) for transit projects. Chart A-1 illustrates the breakdown of obligations by obligating agency.

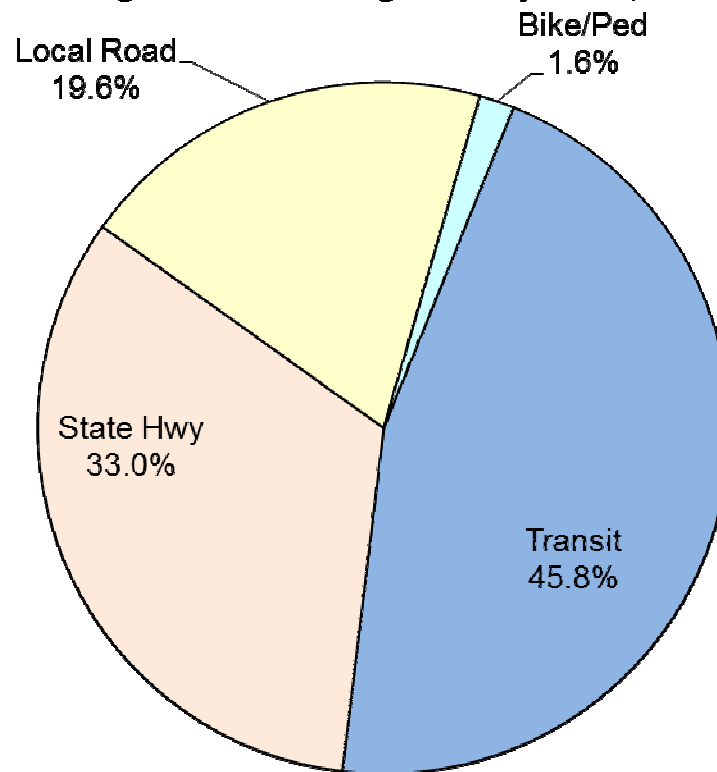

Chart A-1: MTC-Region Federal Obligations by Authority Agency

MTC Region Federal Obligations, FFY 2011-12

Obligating Agency	Total Obligations	Percent of Total
Federal Transit Administration: Transit Projects	\$596.1 million	43.2%
Federal Highways Administration: State-Managed Highway Projects*	\$447.9 million	32.4%
Federal Highways Administration: Local Projects	\$336.6 million	24.4%
Total	\$1,380.6 million	100.0%

* This amount does not include statewide obligations for which a regional breakdown of funding is not available.

Chart A-2: MTC-Region Federal Obligations by Mode

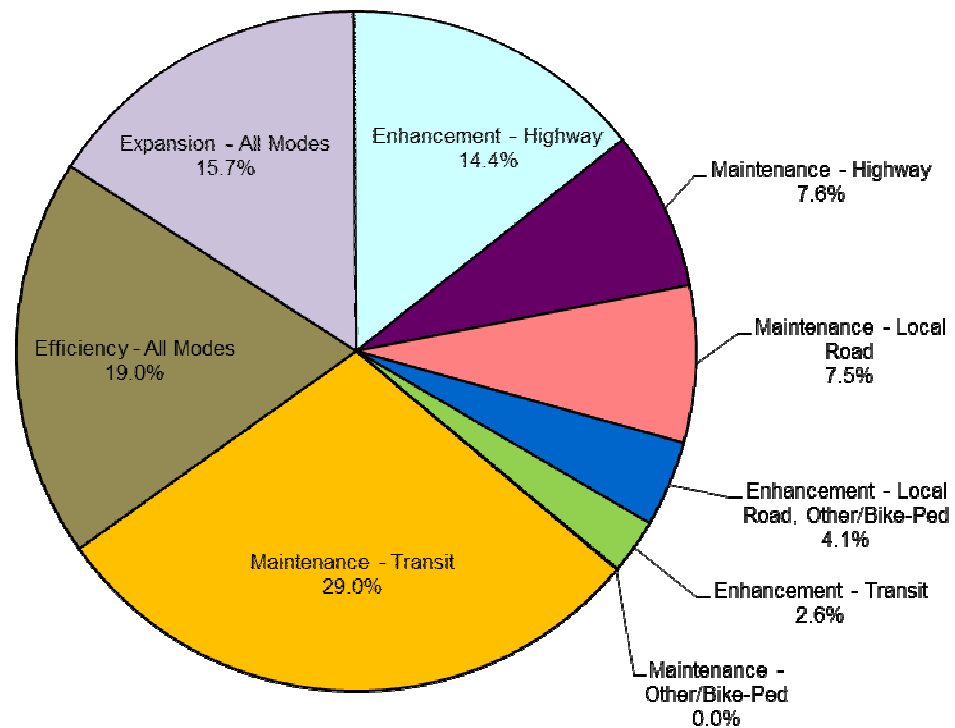

MTC-Region Federal Obligations by Mode, FFY 2011-12

Mode	Total Obligations	Percent of Total
Transit	\$632.2 million	45.8%
State Hwy	\$455.6 million	33.0%
Local Road	\$270.3 million	19.6%
Bike/Ped	\$22.5 million	1.6%
Total	\$1,380.6 million	100.0%

The chart above shows all federal obligations in the MTC region, broken down by mode. The largest mode receiving federal obligations in FFY 2011-12 was transit, making up 45.8% of all obligations, including funding transferred from FHWA to FTA, or about \$632.2 million of \$1.38 billion. State highway projects received the second largest amount of obligations, at 33.0% or \$455.6 million of \$1.38 billion obligated. Local road projects received 19.6% of all obligations, or \$270.3 million. Bicycle and pedestrian projects received \$22.5 million in federal obligations, or 1.6% of all federal funds obligated.

Chart A-3: MTC-Region Federal Obligations by T-2035 Investment Type

**MTC-Region Federal Obligations by T-2035 Classification Type,
FFY 2011-12**

T-2035 Investment Category/Type	Total Obligations	Percent of Total
Maintenance/Rehabilitation	\$608.7 million	44.1%
Transit	\$400.5 million	29.0%
Highway	\$104.5 million	7.6%
Local Road	\$103.1 million	7.5%
Other/ Bike-Ped	\$.6 million	0.0%
Enhancement	\$291.8 million	21.1%
Highway	\$199.1 million	14.4%
Local Road	\$43.5 million	3.1%
Transit	\$36.1 million	2.6%
Other/ Bike-Ped	\$13.1 million	0.9%
System Efficiency/ Planning/ Operations	\$262.8 million	19.0%
Highway	\$93.6 million	6.8%
Transit	\$87.8 million	6.4%
Local Road	\$76.2 million	5.5%
Other/ Bike-Ped	\$5.3 million	0.4%
Strategic Expansion	\$217.3 million	15.7%
Transit	\$115.6 million	8.4%
Highway	\$58.2 million	4.2%
Local Road	\$39.9 million	2.9%
Other/ Bike-Ped	\$3.6 million	0.3%
Total	\$1,380.6 million	100%

Chart A-3 on the previous page illustrates all obligations in the MTC region, broken down by Transportation 2035 investment categories or types. The spending recommendations proposed by the Transportation 2035 Plan are focused on maintaining and operating the existing transportation system efficiently and making strategic investments to keep pace with the Bay Area's projected growth over the next 25 years. The T2035 Plan shows about 72% will go toward the ongoing maintenance and rehabilitation of the region's transportation infrastructure, 9% to operate and manage the system more efficiently, and 19% to expand our highways, transit, and local roads. It is important to remember that the Plan shows funding from all sources in the region, not just federal funding. Federal funding comprises only 13% of the projected funding revenues in Transportation 2035.

In FFY 2011-12, transit maintenance received the largest amount of federal obligations, making up 29.0% of all obligations, or about \$400.5 million. This category includes bus and facility rehabilitation. Highway enhancement obligated the second highest amount of federal funds, with 14.4% or \$199.1 million. Transit expansion obligated the third highest amount of federal funds, with 8.4% or \$115.6 million of federal funds.

The Regional Transportation Plan, referred to as Transportation 2035, can be found at the MTC website at http://www.mtc.ca.gov/planning/2035_plan/.

Annual Obligated Projects Listing Explanation

There are two tables included in the listing:

- Table 1: FHWA State and Locally-Managed Projects obligated, sorted by county and implementing agency. This list includes projects from fund sources such as Surface Transportation Program (STP), Congestion Mitigation Air Quality Improvement (CMAQ), Transportation Enhancements (TE), and Federal High-Priority earmarks. Funds transferred to FTA are marked with a "+" after the fund source. State-managed projects include funds obligated by the California Department of Transportation (Caltrans) for work on the state highway system, and include fund sources such as Emergency Relief (ER), Interstate Maintenance (IM), and National Highway System (NHS) funds.
- Table 2: Federal Transit Administration Transit obligations, sorted by transit property. This list includes all funds obligated directly through FTA.

The columns in the listing include:

- TIP ID, the identification code for the project in MTC's TIP. State-Managed projects do not have this field available, and are noted by a "N/A" in that field.
- Project Title and Description
- Fund Source, indicating the obligated fund source
- Federal Project ID, indicating the federal project identification code (for FTA obligations, this is the grant number)
- Total Obligation Amount, rounded to the nearest dollar. Negative numbers indicate a deobligation, where the federal funding commitment is no longer needed for the project. For additional information, please contact Caltrans or the project sponsor.
- Obligation Date, indicating the date FHWA (or FTA) obligated the funds

- 2012 Programmed Amount, the Federal amount programmed in FFY 2011-12 only. Please note that blank fields in this column indicate funds obligated were programmed in a year other than FFY 2011-12;
 - These amounts are current in the adopted TIP as of December 12, 2012.
 - Please note that if there are multiple obligations for each TIP ID, the 2012 Programmed Amount will also be displayed multiple times.
 - Some projects may have been obligated in advance of the TIP program year through the Expedited Project Selection Process (EPSP), which is allowed under federal regulations.
- Future Funding (by TIP ID), the amount programmed in the remaining years of the current TIP (FFY 2013-14, inclusive), rounded to the nearest dollar;
 - These amounts are current in the adopted TIP as of December 12, 2012.
 - Please note that if there are multiple obligations for each TIP ID, the future funding amount will also be displayed multiple times.

The California Department of Transportation may have additional information regarding the obligations they manage. Many of the funds Caltrans obligates for the State Highway System are programmed in the TIP and obligated at the beginning of the year as a lump sum.

The Use of Toll Credits (TC)

Federal-aid highway projects typically require the project sponsors to provide certain amount of non-federal funds as match to the federal funds. For example, Surface Transportation Program (STP) funded projects require a minimum of 11.47% of non-federal match funds. Through the use of toll-credits, the non-federal share match requirement can be met by applying an equal amount of toll credit and therefore allow a project to be funded with up to 100% federal funds for federally participating costs.

The amount of credit a state can earn is determined by the amount of toll revenue used for capital expenditures to build or improve public highway facilities. Once a credit amount is appropriately established, this credit will remain available until used by the state. The state is required to track the use of toll credit on a project-by-project basis and report such use to the Federal Highway Administration (FHWA) on a regular basis.

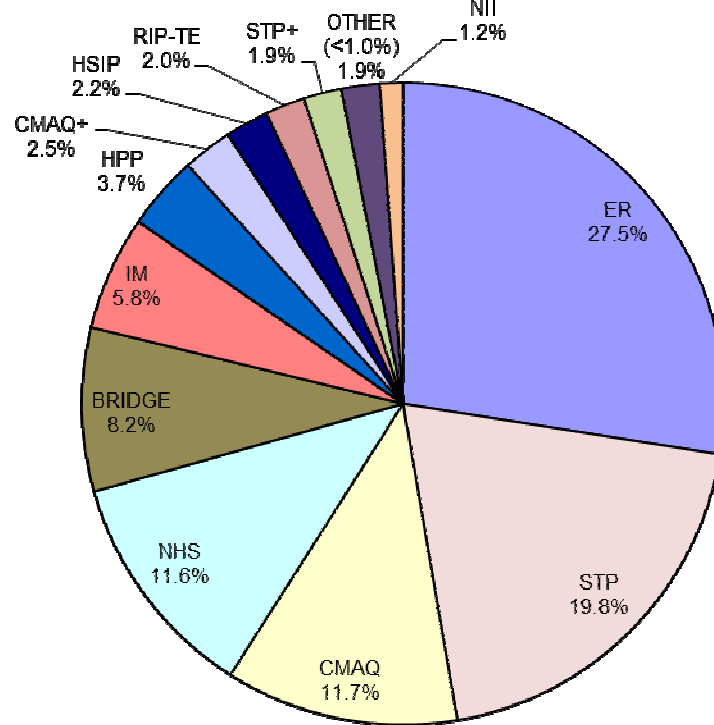

The California Department of Transportation (Caltrans) has received approval from FHWA for the use of toll credits. At this point, toll credit can be used on all federal-aid highway funding programs, except Emergency Relief (ER) Program, Local Safety Programs, and Local On-System Highway Bridge Program (HBP) projects. The limit of toll credit use on Safety program projects and HBP projects on the state highway system is because all available funds are fully programmed.

Obligated Project Table Charts

The attached tables show all projects obligated in FFY 2011-12. The charts below illustrate the breakdown of fund source by each of the tables mentioned earlier.

Chart B-1: FHWA Local Project Obligations

**FHWA Locally and State-Managed Project Obligations,
FFY 2011-12**

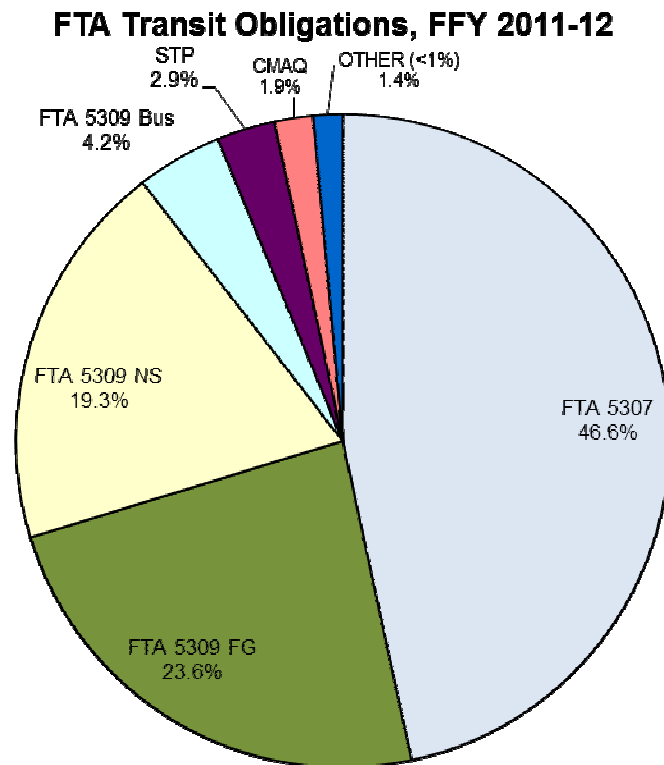

Fund Source	Total Obligations	Percent of Total
Emergency Relief (ER)	\$216.0 million	27.5%
Surface Transportation Program (STP)	\$155.2 million	19.8%
Congestion Mitigation Air Quality Improvement (CMAQ)	\$91.8 million	11.7%
National Highway Safety (NHS)	\$90.7 million	11.6%
Bridge Program	\$64.7 million	8.2%
Interstate Maintenance (IM)	\$45.2 million	5.8%
High Priority Earmark (HPP)	\$29.3 million	3.7%
Congestion Mitigation Air Quality Improvement (CMAQ), FTA Transfer	\$19.6 million	2.5%
Highway Safety Improvement Program (HSIP)	\$17.2 million	2.2%
Transportation Enhancement (RIP-TE)	\$15.6 million	2.0%
Surface Transportation Program (STP), FTA Transfer	\$15.0 million	1.9%
Other (<1.0%) (e.g., Misc Earmarks, Safe Routes to School, Recreational Trails)	\$15.1 million	1.9%
National Infrastructure Investment (NII)	\$9.1 million	1.2%
Total	\$784.5 million	100.0%

The above chart (Chart B-1) shows that the majority of funding obligated by FHWA were Emergency Relief (ER) funds which are primarily used for emergency openings, slide repair, and storm damage and account for approximately \$216.0 million or 27.5% of total projects obligated.

Surface Transportation Program (STP) projects with total obligations of about \$155.2 million, or 19.8% of local project funds obligated are mainly used for roadway and transit rehabilitation needs. Congestion Mitigation Air Quality Improvement (CMAQ) projects obligated about 11.7% or \$91.8 million. The region used CMAQ funds for a number of bicycle and pedestrian improvement and other significant air quality improvement projects. The State-Managed National Highway System (NHS) accounted for \$90.7 million or 11.6% of the total projects obligated. The Bridge Program (Bridge) accounted for \$64.7 million, or 8.2% of the total projects obligated. Interstate Maintenance (IM) funds which are used to maintain the Interstate Highway System in the region and account for approximately \$45.2 million or 5.8% of total projects obligated. Legislated High Priority Earmarks (HPP) accounted for \$29.3 million, or 3.7% of obligated funds. Approximately \$19.6 million or 2.5% of funds obligated were transferred through to the FTA via the CMAQ program. Highway Safety Improvement Program (HSIP) made up 2.2% or \$17.2 million of obligated funds. Transportation Enhancement (RIP-TE) funds comprise approximately 2.0% or \$15.6 million of obligated funds. FTA transfers of approximately \$15.0 million in STP funds make up 1.9% of obligated funds. The Federal Discretionary National Infrastructure Investment (NII) program obligated 1.2% or \$9.1 million in federal funds, funding a number of bicycle pedestrian projects.

- The remaining obligations accounting for \$15.1 million or 1.9% are for projects classified under “Other (<1.0%)” funds, including programs such as:
 - Miscellaneous Earmarks (e.g., Non-motorized Transportation, Rail and Highway Crossing Hazard Elimination, Urban Mobility)
 - Public Land Highways (PLH)
 - Safe Routes to School (SRTS)
 - Transportation, Community, and System Preservation (TCSP)
 - High Risk Rural Roads (HR3)

Chart B-2: FTA Transit Obligations

Fund Source	Total Obligations	Percent of Total
FTA Section 5307	\$278.0 million	46.6%
FTA Section 5309 Fixed Guideway (FG)	\$140.6 million	23.6%
FTA Section 5309 New Starts (NS)	\$115.1 million	19.3%
FTA Section 5309 Bus	\$25.3 million	4.2%
Surface Transportation Program (STP) (Flexed)	\$17.1 million	2.9%
Congestion Mitigation Air Quality Improvement (CMAQ) (Flexed)	\$11.4 million	1.9%
Other (<1%)	\$8.6 million	1.4%
Total	\$596.1 million	100.0%

The above chart (Chart B-2) shows the breakdown of Federal Transit Administration obligations in FFY 2011-12. The majority of obligations were for FTA section 5307 which account for 46.6% of FTA-obligated funds, or about \$278.0 million. Section 5307 funds can be used for a variety of purposes, including bus purchases, maintenance, and facility improvements. FTA section 5309 fixed guideways (FG) funds accounted for \$140.6 million or 23.6% of transit funds obligated. Section 5309 fixed guideways funds can only be used for supporting transit using fixed guideways, such as rail and ferry services. FTA section 5309 bus funds make up a combined total of 19.3% of FTA-obligated funds, or \$115.1 million. Section 5309 bus funds include new start funding for significant capital projects, and bus funding for bus facilities and bus purchases. Surface Transportation Program (STP) funds account for 2.9% or \$17.1 million in

funds obligated, while Congestion Mitigation Air Quality Improvement (CMAQ) funds amount to \$11.4 million or 1.9% of total FTA funds obligated.

Additional obligations occurred in the following fund sources:

- Projects included in the “Other” funds include:
 - Job Access and Reverse Commute (JARC)
 - Ferry Boat Discretionary (FBD)
 - FTA Section 5339 Alternative Analysis funds

Annual Obligation Listing Highlights

Below are the projects with the highest obligation amount in FFY 2011-12 for each of the attached tables.

Table 1: FHWA State and Locally-Managed Project Obligations, Top 10 Obligations Overall

Agency	Project Title	Total
State-Managed	Devil's Slide Tunnel: San Mateo County near Pacifica on Route 1 S/O Linda Mar Blvd, construct tunnels	\$202,813,000
Caltrans	In Solano County on I-80 in Fairfield at the EB Cordelia truck scale, relocate and expand truck scale	\$36,558,080
Caltrans	In/near Sausalito, Corte Madera & Larkspur from GG Bridge to Corte Madera Creek, rehabilitate pavement (TC)	\$27,313,999
Caltrans	I-580 in the City of Richmond at the Scofield Ave U/C and Western Dr U/C, Bridge Deck Replacement (TC)	\$19,788,370
State-Managed	In Alameda County 0.5 mi N/O High Street separation/overhead to 0.5 mi S/O 5th Ave overhead, rehabilitate roadway (TC)	\$18,208,598
Caltrans	In Alameda County on I-580, Greenville Road to Isabel Ave (Livermore), construct a westbound HOV lane	\$16,399,930
MTC	511 Traveler Information	\$14,270,000
Antioch	Antioch - Wilbur Ave Bridge Widening	\$12,212,835
Caltrans	In Alameda County on I-580, Isabel Ave (Livermore) to Foothill (Dublin), construct a westbound HOV lane	\$10,339,901
Caltrans	In Santa Clara County, from 0.3 mi N/O Stevens Creek Blvd. O/C to Route 85/101 Separation, Rehabilitate Pavement (TC)	\$10,093,847

Table 2: Federal Transit Administration Obligated Projects, Top 10 Obligations

Operator	Project Description	Obligation Amount
VTA	BART - Warm Springs to Berryessa Extension	100,000,000
AC Transit	AC Transit: Preventive Maintenance Program	58,496,396
BART	BART: Railcar Replacement Program	36,775,134
BART	BART Car Exchange (Preventive Maintenance)	22,979,594
SFMTA	SF Muni Rail Replacement Program: Part B	20,290,000
SFMTA	SFMTA: Trolley Coach Replacement	18,825,208
SFMTA	Van Ness Bus Rapid Transit	15,000,000
SFMTA	SFMTA: Historic Rail Car Rehabilitation	13,146,553
BART	BART: Railway and Structures Program	11,307,690
SFMTA	SFMTA: Train Control & Trolley Signal Rehab/Replace	10,150,000

Listing of Commonly Used Abbreviations

Below is a listing of commonly-used abbreviations in this document and their meanings.

Abbreviation	Meaning
ALA	Alameda
AC	Asphalt Concrete
AC	Advance Construction
AC Transit	Alameda-Contra Costa Transit District
ACCMA	Alameda County Congestion Management Agency
ACTC	Alameda County Transportation Commission
ADA	Americans with Disabilities Act
ARRA	American Recovery and Reinvestment Act
BAAQMD	Bay Area Air Quality Management District
BART	Bay Area Rapid Transit District
BR	Bridge
BRT	Bus Rapid Transit
Caltrain/JPB	Caltrain / Peninsula Joint Powers Board
Caltrans	California Department of Transportation
CC	Contra Costa
CCAG	[San Mateo] Cities/County Associated Governments
CCCTA	Central Contra Costa Transit Authority
CCTA	Contra Costa Transportation Authority
CCTV	Closed-Circuit Television
CHP	California Highway Patrol
CMA	Congestion Management Agency
CMAQ	Congestion Mitigation Air Quality Improvement
CO	County
CON	Construction
DPW	Department of Public Works
E/B	Eastbound
E/O	East of
EA	Expenditure Authorization
EBRPD	East Bay Regional Parks District
ECCTA	Eastern Contra Costa Transit Authority
ENV	Environmental
ER	Emergency Relief (or Response)
Fed Disc	Federal Discretionary
FFY	Federal Fiscal Year
FHWA	Federal Highway Administration
FTA	Federal Transit Administration
FTA 5307	Federal Transit Administration section 5307
FTA 5309 FG	Federal Transit Administration section 5309 – Fixed Guideways
FTA Ear 5309 Bus	Federal Transit Administration section 5309 Earmark – Bus
FTA Ear 5309 NS	Federal Transit Administration section 5309 Earmark – New Starts
FTA 5308 CF	Federal Transit Administration section 5308 Clean Fuel
FTA 5317 NF	Federal Transit Administration section 5317 New Freedom
FY	Fiscal Year

Abbreviation	Meaning
GGBHTD	Golden Gate Bridge, Highway, and Transportation District
HBP	Highway Bridge Program
HE	Hazard Elimination
HOT	High Occupancy – Toll
HOV	High Occupancy Vehicle
HPP	High Priority Program
HRRR, HR3	High Risk Rural Roads
HSIP	Highway Safety Improvement Program
I/C	Interchange
I/S	Intersection
IBRC	Innovative Bridge Research and Construction
IIP	Infrastructure Investment Program
IM	Interstate Maintenance
ISTEA	Intermodal Surface Transportation Efficiency Act
ITS	Intelligent Transportation Systems
JARC	Job Access and Reverse Commute
LAVTA	Livermore Amador Valley Transit Authority
LTAP	Local Technical Assistance Plan
MPO	Metropolitan Planning Organization
MTC	Metropolitan Transportation Commission
N/B	Northbound
N/O	North of
NCTPA	Napa County Transportation Planning Agency
NII	National Infrastructure Investment
NHS	National Highway System
NWPRR	Northwestern Pacific Railroad
OA	Obligation Authority
OC, O/C	Overcrossing
PCC	Portland Cement Concrete
PE	Preliminary Engineering
PLH	Public Land Highway
PM	Postmile
PNRS	Projects of National or Regional Significance
PS&E	Plans, Specifications, and Estimates
PTAP	Pavement Technical Assistance Program
RBP	Regional Bicycle/Pedestrian
ROW, R/W, RW	Right of Way
RTP	Regional Transportation Plan
RTPA	Regional Transportation Planning Agency
S/B	Southbound
S/O	South of
SAFETEA	Safe, Accountable, Flexible, Efficient Transportation Equity Act
SamTrans	San Mateo County Transit District
SC, SCL	Santa Clara
SCTA	Sonoma County Transportation Authority
SF	San Francisco

Abbreviation	Meaning
SF MTA	San Francisco Municipal Transportation Agency
SFCTA	San Francisco County Transportation Authority
SHOPP	State Highway Operations and Protection Program
SM	San Mateo
SR	State Route
SRTS, SR2S	Safe Routes to Schools
STA	Solano Transportation Authority
STIP	State Transportation Improvement Program
STP	Surface Transportation Program
T-2035	Transportation 2035 (MTC's RTP)
TAM	Transportation Authority of Marin
TBJPB	Transbay Joint Powers Board
TC	Toll Credits
TCA	Transit Capital Assistance
TE	Transportation Enhancements
TEA	Transportation Enhancement Activities
TETAP	Traffic Engineering Technical Assistance Program
TIP	Transportation Improvement Program
TMC	Traffic Management Center
TMP	Traffic Management Plan
TOS	Traffic Operations System
UA, UZA	Urbanized Area
UC, U/C	Undercrossing
VPP	Value Pricing Parking
VTA	Santa Clara Valley Transportation Authority
W/B	Westbound
W/O	West of
Westcat	Western Contra Costa Transit Authority
WETA	Water Emergency Transportation Authority
ZEB	Zero-Emissions Bus

Further Information

For additional information regarding specific projects contained within this report, please contact the project sponsor.

For additional information about this report or federal programming and obligations in general, please visit our website at:
